

Classroom crossword primary resource

This primary resource features a colourful crossword themed around school, the classroom and different school subjects. Children will be challenged to answer 30 questions and complete the grid. The teaching resource can be used in study-group tasks for improving writing and spelling, or simply to provide a fun classroom activity for the children to enjoy. It can be used as a printed handout for each pupil to review and annotate, or for display on the interactive whiteboard.

Ask the pupils to complete the crossword, either by themselves or as a group activity. For younger pupils, display the resource on the interactive whiteboard and complete the puzzle together as a class, giving more clues when needed. Once they've finished, why not get the children to have a go at creating their own crossword? Ask them to choose a theme, such as space, animals, sport etc., then see if they can draw a crossword for a classmate to complete.
